

System luminaire for post cap ceilings, equipped with LED modules. Housing is made of aluminium, colour acc. to ceiling systems.

Light is distributed via a microprismatic diffusor. Glare control according to EN 12464-1. Option: Opal acrylic diffusor for general areas.

Luminaire is produced with an integrated mounting system for post cap ceilings, length is adjusted to the axial dimension of the post cap. Integration is done without additional tools.

Delivery incl. external ballast.

Lengths and system power can be adjusted to project requirements.

Type	Light System	Dimensions (l x w x h)
LK 100	LED 840, 2.090 Lm/m, 19 W/m	Variable x 99 x 60 mm

### Technical data:

Voltage: 220-240 V / 50-60 Hz  
 Protection class: 1  
 Protection kind: IP 20  
 Ballast: switchable, option: DALI dimmable  
 Diffusor: microprismatic, option: opal  
 Colour: RAL 9016, option: RAL card  
 Light colour: 4.000K, optional 3.000K  
 Colour rendering: RA>80
